

What A Father Wants

By Overseer Trevor D. Alexander

What a **FATHER** wants is to be **PROTECTIVE** of his family from the attack of Satan and the evil that exists in the world;

What a **FATHER** wants is to **DEMONSTRATE** his love for his family by being a Godly example of a real man;

What a **FATHER** wants is to **CONSIDER** his family over his own needs which may require making sacrifices for the good of all;

What a **FATHER** wants is to express that he has a **TENDER** heart that is yielding to the guidance of the Holy Spirit;

What a **FATHER** wants is to be known as one that **SPEAKS** in love and with a loving tone;

What a **FATHER** wants is to be **TRANSPARENT** By letting everyone know that he is but a mere man that is prone to make mistakes.
